Ascension Day

We saw his light break through the cloud of glory

Whilst we were rooted still in time and place,

As earth became a part of heaven's story

And heaven opened to his human face.

We saw him go and yet we were not parted,

He took us with him to the heart of things,

The heart that broke for all the broken-hearted

Is whole and heaven-centred now, and sings;

Sings in the strength that rises out of weakness,

Sings through the clouds that veil him from our sight,

Whilst we ourselves become his clouds of witness

And sing the waning darkness into light;

His light in us, and ours in him concealed,

Which all creation wants to see revealed.
